DETAILED ACTION

Drawings

1. The drawings filed September 9, 2003 appear to be formal and are acceptable.

Information Disclosure Statement

2. The information disclosure statement filed September 9, 2003 has been entered and considered. An initialed copy of the PTO-1449 by the Examiner is attached.

Allowable Subject Matter

3. Claims 1-20 are allowed.

Reasons for Allowance

4. The following is an examiner's statement of reasons for allowance:

The prior art fails to render obvious the claimed method, computer program and system for estimating the utilization of an electromagnetic signal receiver, the system including, inter alia, a detection module for receiving electromagnetic signals from a surrounding environment, the electromagnetic signals being chronologically segregated into a plurality of dwells each with an elapsed time, a processing module for controlling the scanning of the surrounding computing a environment, the processing module computing a plurality of a utilizations by dividing each individual elapsed time by a predetermined sample interval, the processing module receiving data about the signals

from the detection module, the processing module further determining total utilization by adding the plurality of utilizations. The prior art does show estimating the utilization of a receiver system. However the present invention, as claimed, including the processing module further determining total utilization by adding the plurality of utilizations as functionally claimed, cannot be fairly rendered obvious by the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

- 5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The cited prior art show various receiver processing systems.
- 6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to John B. Sotomayor whose telephone number is 703-306-4170. The examiner can normally be reached on Monday to Thursday from 8:30AM to 5:00PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Tom H. Tarcza, can be reached on 703-306-4171. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
